

Maths Masterclass

If you are interested in taking your child to this event, please email school FAO Mrs Long. There are limited places, which will be allocated after half term.

Parents will be responsible for transporting their own children to the event as this is offered by an external provider on a Saturday.

St Peter's
8-13YORK

SHAPE & SPACE MATHS MASTERCLASS

St Peter's School, York
Saturday 4th March, 9.15-11:30am

This masterclass is designed for pupils in Year 6 and will investigate questions and problems about **shape and space**. The problems will be solved through group work, incorporating practical and investigative work. If you are interested in attending this event, please give your name to your class teacher. Further details may also be obtained from your numeracy co-coordinator.
