Thursday 5th January 2023

Astronomy Club

Dear Parents / Carers,

We have again been asked to try out an educational resource from Tactile Universe and their partners at the University of York. This will run as an Astronomy Club where we will combine our senses of sight, touch and hearing to investigate galaxies, our solar system and our moon. The club is timed to coincide with darker skies after school so weather permitting, we should have plenty to explore.

The club dates are: **Thursdays 12th, 19th and 26th January, 2nd and 9th February 3:30 – 4:30pm**

This club is for Year 5 and 6 children only. If interest is a high priority will go to year 6s, with any year 5s being guaranteed a place next time the club takes place. **You will receive a text message if your child has a place.**

Children will need to have with them a coat if it's cold or drizzly as we will have some of our activities outside.

At 4.30, please collect your child from the infant playground. Please wait at the inner black gate until the club arrives for dismissal.

Please reply by Monday 9th January using this electronic form below:

<https://forms.office.com/e/wrHzMWQmVW>

Those without a parental response will not be able to take part.

Many thanks,
Mr. Mulholland
