

Our **British** Values in Action - The Rule of Law

At Headlands Primary School, we understand that rules and laws have a very important role to play in helping us and protecting us. We have a clear and consistent behaviour management system which helps to promote positive behaviour. In turn, our focus on our six key values helps to encourage the building of respect for self and others in the school community.

Our school rules help to ensure that not only do things run efficiently and smoothly, but that the school is a positive and safe place for everyone. Within classrooms we regularly think about and discuss these class rules which help to make the classroom a positive place for everyone.

During our RE and our PSHE lessons, we spend time thinking about the idea of rules and laws and the effect that these have on individuals and on society as a whole. The children are supported in developing their understanding of right and wrong through such lessons. Assemblies are used to reinforce key messages about the value and reasons behind laws

Our 'play leaders' provide sporting activities for the younger children during lunchtime breaks; they help and encourage the younger children to take part and introduce them to the idea of rules of the game, which help to ensure that the activity is safe and can be enjoyed by everyone.
